ASSEMBLY AND INSTALLATION INSTRUCTIONS

WARNING: TO AVOID RISK OF ELECTRICAL SHOCK, BE SURE TO SHUT OFF POWER BEFORE INSTALLING OR SERVICING THIS FIXTURE.

Before You Begin:

- Ensure power is turned off at the circuit breaker before installation.
- Read all instructions carefully.
- Installation should be performed by a qualified electrician if you are unfamiliar with wiring.

Step-by-Step Installation:

1.Secure the mounting plate to the junction box using the provided screws.
2.Connect the wires using the wire caps as follows:
Connect the fixture's **BLACK** wire to the home **LIVE/HOT** wire.
Connect the fixture's **WHITE** wire to the home **NEUTRAL** wire.
Connect the fixture's GROUND wire and the home **GROUND** wire to the mounting plate with the green screw.
Note: Ensure no wire strands are exposed.
3.Secure the light fixture to the mounting plate with the knob caps.
4.Install the bulbs (not included).
5.Tighten the glass lampshade to the light fixture using the screws.

Safety Instructions:

To avoid fire, shock, and serious personal injury, follow all instructions carefully.
1. Do not install or use the light fixture if any part is missing or damaged.
2. To avoid possible electrical shock, be sure electricity is turned off at the main fuse or circuit breaker box before wiring.
3. Make certain no bare wires are exposed outside the wire connectors.
4. All wiring must conform to national and local electrical codes.
5. Follow the recommended instructions for the proper method of wiring your new light fixture. If you feel you do not have enough electrical wiring knowledge or experience, have your light fixture installed by a licensed electrician. Any electrical work not described in this manual should be performed by a licensed electrician.
